# FRIENDS' MARCH 2023

## NEWSLETTER

February 2023 is already gone but the Friends hope that you enjoyed your Family Day long weekend (February 20, 2023).

Why is family important in our lives?

a family  
doesn't need  
to be perfect.  
it just needs  
to be united.

LOVE

Our families are one of the most important things in our lives. Researchers have observed that in all the societies they have studied, family plays a crucial role in the success of individuals.

A family's influence on young children can last a lifetime in many ways. Healthy families are the building blocks of a healthy society.
